POLICY STATEMENT

We commit our school to ensuring that each and every student has the opportunity to:

1. Achieve at high academic levels.
1. Feel safe, welcome, and valued at our school.
2. Receive a full, fair share of the opportunities our school has to offer.
3. Know and honor the achievements of his or her own cultural tradition.
4. Know and honor the achievements of other cultural tradition he or she may encounter in our community and later in life.

We commit ourselves to annual reflection on how well we are fulfilling this commitment by:

1. A review of student performance data broken down by gender, ethnicity, socio-economic status, and disability.
2. Family involvement in school activities.
3. Providing opportunity for feedback from students, parents, and staff through school surveys.

Based on what we learn from that reflection, we will develop and vigorously implement the plans needed to correct any failure to fulfill the commitment made above. To the extent possible, we will combine this work with our Comprehensive Planning process.
